

PROGRAM

19 April, Sunday

Pre-Congress Field Trip:
 Archaeoseismology and geohazards
 downtown Roma
 Afternoon: Bus transfer Roma-Pescina
 Evening: Ice-breaking party

20 April, Monday

Morning: Opening Ceremony:
 100 years after the 1915 Fucino earthquake
 Afternoon: Scientific Program
 (Oral and Poster Sessions)

21-22 April, Tuesday-Wednesday

Scientific Program
 (Oral and Poster Sessions)

23-24 April, Thursday-Friday

PostCongress Field Trip:
 Quaternary geology,
 Paleoseismology and Archaeoseismology
 in the Fucino and L'Aquila Basins

24 April, Friday

In the afternoon: bus transfer to Roma

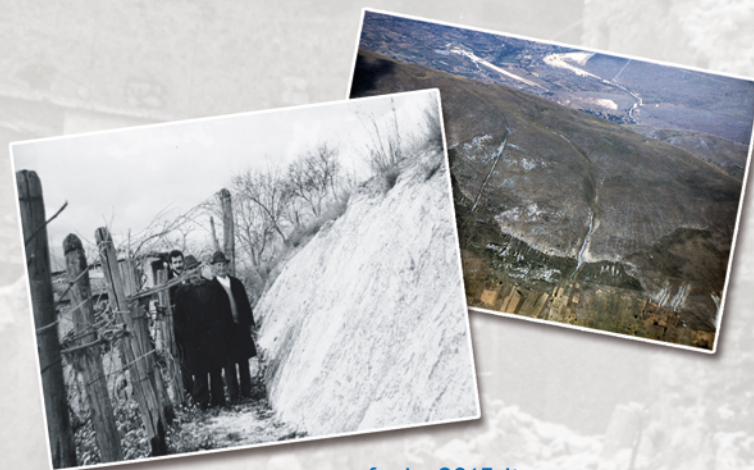

Organizing Committee

Blumetti A.M., Cinti F.R., De Martini P.M., Galadini F.,
 Guerrieri L., Michetti A.M., Pantosti D. and Vittori E.

Organized by

FUCINO 2015

6th INQUA International
 Workshop on Active Tectonics
 Paleoseismology
 and Archaeoseismology

19-24 April 2015

Pescina, Fucino Basin, Italy

Invitation

We invite scientists in the fields of Active Tectonics and Earthquake Hazard Assessment, including multidisciplinary approaches and modeling, to join this event.

We will celebrate the centenary of the 1915 M7 Fucino earthquake, that was one of the largest and devastating earthquakes ever occurred in Central Italy.

Scientific sessions will be attended in the unique historical and cultural atmosphere of the Pescina village, which was affected by extensive coseismic surface faulting in 1915; a 2 days field trip in the Fucino and L'Aquila will follow, retracing on the field the path of faults, landscapes, castles and ancient settlements.

Moreover, participants will have the opportunity to join a pre-congress archaeoseismic tour downtown Roma.

For further information, see www.fucino2015.it

Deadlines

15th January 2015

 **Deadline for Abstract submission**

 **Deadline for Registration and Payments**

A template for a 4 pages long extended abstract is available at www.fucino2015.it

Venue

The venue is located in Pescina (Fucino Basin, Abruzzo, Central Italy), at the Centro Studi "Ignazio Silone", www.silone.it, a cultural center devoted to the world-famous writer born in Pescina who lost most of the family in the 1915 earthquake, and was author of several books on the Fucino people and environment.

Program

The scientific sessions will focus on the following topics:

- Quaternary Geology
- Paleoseismology
- Earthquake Engineering
- Seismic Hazard
- Tsunami Hazard
- Archaeoseismology

Both oral presentations and posters are welcome.

Registration and Costs

Registration Fee 100 €

including participation to the scientific sessions (20-22 April), 3 lunches and coffee breaks, ice-breaking party, transportation from the hotels to the conference venue

Pre-Congress Field Trip 15 €

including transportation

Post-Congress Field Trip 120 €

including 1 night in hotel (23 April)
2 lunches, 1 dinner and transportation

Accommodation

A list of recommended hotels including special costs for participants is available at www.fucino2015.it

Participants are kindly invited to contact directly and make arrangements with the recommended hotels:

- in Pescina and surroundings villages (arrival: 19 April; departure: 23 April)
- in Roma (nights 18 April and 24 April)
